5.0	Best Practice Proposal TR 2013-04 – Champion: Gord Campbell PURPOSE: In further review of our Best Practice guidelines, we have found that it is necessary to add the additional words to the glossary. Origin/Rationale: The words that are commonly used throughout the Best Practise guidelines in reference specifically to locates, we don't have the following words accompanied with their definition captured in the glossary of Terms & definitions. We have found it necessary to add the following words along with an appropriate definition. <ul style="list-style-type: none"> Marks or Marking - Surface markings indicating the presence of underground infrastructure including but not limited to highly visible paint and/or labeled stakes, flags to indicate the approximate location of buried facilities within the Located Area. Limits of locate - The North, South, East and West boundaries or other coordinates of the located area. LSP - Locate Service Provider – A person authorized by the owner to locate and mark its underground facilities 	Approved: Feb. 10, 2015 To be presented at the CCGA BP Committee meeting June 2015.
